21st May 2018

Madam,

Following the Prime Minister's clarion call on 2nd October 2014 for each individual to devote atleast 100 hours to Swachhata per year, the AICTE and MHRD have jointly decided to participate in the Swachh Bharat Summer Internship programme.

This is in tune with AICTE internship guidelines having one of the components of the "AICTE Activity Programme for Community Service & Allied Activities" for B. Tech. / Diploma level students (Annexure-I)

The representation of your institution is mandatory in this initiative by ensuring participation of every student of your institute. It is therefore proposed that,

- Every student and faculty of your institute devote at least 100 hours to swachhata per year by focusing on areas suggested in the Annexure-II.
- Appropriate projects be undertaken during this Summer by minimum of 3 teams from each of the second year and third year batches of Civil / Construction Engineering / Tech. department of your Institute totalling to minimum 6 projects per sanctioned intake of 60. These projects may also be useful for claiming AICTE Clean Campus Award 2018. You are requested to identify guides and teams for participation of your institute. It may be noted that this is a time-bound activity.
- Seminars and workshops may be organised for "Clean India" campaign.
- Mass pledge may be taken by students and employees for making Swachh Bharat Mission a success.

Online registration of teams and procedure for reporting of activities undertaken during the internship period is available on <https://sbsi.mgov.in>.

With regards,

Yours sincerely,

In respect of the above letter got from AICTE, a program of SWACHH BHARAT INTERNSHIP was chosen in which understudies need to dedicate 100 Hrs for Shramdaan. In such manner understudies structured a calendar for executing the program. In this timetable, the absolute first occasion was "Introduction and Meeting". On this occasion, understudies meet with the locals to brief about the program. Close about a gathering of 30 understudies and 5 faculties and staff individuals arrive at the town at 9:30 AM to the adopted village. There they meet with locals in a school and tell about the positive things of Swachhata and guide them on how we can keep ourselves swachh. Toward the end, they meet with the Gram Pradhan so as to get the authorization to execute the exercises of the Internship Program.
