## Communication Skills

Communication skills have become indispensable for the success of any professional. The English language in particular has become essential in the lives of young people, who aspire to advance their careers anywhere in the world. The linguistic lab plays a vital role in the language learning process.

Our Institute in the department of AS&H possesses the two state-of-the-art, **digital language laboratories** that outsmart even those of the most leading government and private engineering institutes of India. These labs have number of highly advanced facilities that help the students to learn English language with proficiency. Both the labs have been well equipped with extensive superior quality English learning software such as:

**Clarity English Teaching Software** that includes Tense Buster, Report Writing, Business Writing, Issues in English and Study Skills Success.

**Clarity Snetclass Communication lab** that includes Start Learner, Clarity English Success and Situational Dialogues with videos.

These software help the students in self learning process. There is a Plasma Display panel and LED/TV in both the labs, which enable the students to excel in the areas of the technical presentation. Various videos on GD, interviews and Personality development are shown to the students time to time. Wide varieties of activities like debates, presentations, GDs, storytelling etc enhance the communication skills of the students and help their personality development.

## Soft Skills:

Hard or technical skills help securing a basic position in one's life and career. But only soft skills can ensure a person retain it, climb further, reach a pinnacle, achieve excellence and derive fulfillment and supreme joy. Soft skills comprise pleasant and appealing personality traits as self-confidence, positive attitude, emotional intelligence, social grace, flexibility, friendliness and effective communication skills.

- For developing the soft skills of the students MIT enrolls its students in **NPTEL Courses** like '**Developing Soft Skills and Personality**' and '**Enhancing Soft Skills and Personality**'. The focus of these courses is on enhancing interpersonal and management skills.
- **P.D.P. classes** are also run for the 1<sup>st</sup> year students.

We are happy to announce the ASSOCIATION of Knowledge Partner Spoken Tutorial Program, IIT Bombay with Moradabad Institute of Technology.

The Program is a part of the National Mission on Education through ICT, MHRD, Govt. of India, to spread IT Literacy all over India. We are promoting the learning and usage of Free & Open Source Software (FOSS), through an Audio-Video teaching tool, viz. 'Spoken Tutorial'.

We support and motivate colleges to train students on Basic Computer Skills, Software and IT. The course and the training is offered for Rs. 25,000 per year to all the Colleges.

You are making an outstanding contribution of using ICT based teaching and learning methodology for students of your College.

Yours Sincerely,
