**Academic Projects**

**Title** : Mess Management System  
**Platform** : J2EE **Duration** : 1 Month  
**Description** : This Project presents detailed information on Mess Management System. There arise a need to create a software that will make entire Mess Management an automated system, i.e. from choosing food cuisines/quantity according to one's budget and one's health condition. This will be on weekly pay system. Plus the review system will make sure mess system is fair.
