

# **Moradabad Institute of Technology**

## **Department of Computer Science and Engineering**

### **Activity Report**

**Name of the Event:** FIESTA 2025

**Date of Event:** 9TH April 2025

**Venue:** Under B & C Block Bridge

**Coordinating Society:** Computer Science Students' Society

**Total Participants:** 200

On the vibrant afternoon of 9th April 2025, the Computer Science Students' Society (CSSS) of MIT transformed the space under the iconic B & C Block bridge into a bustling hub of energy, excitement, and celebration, as it hosted one of its grandest events yet — \*FIESTA 2025\*. This much-anticipated extravaganza turned out to be a phenomenal success, drawing students and faculty from all corners of the campus to revel in an unforgettable day of joy, unity, and sheer fun.

FIESTA 2025 was not just an event — it was an experience. The air was filled with music, laughter, and the delicious aroma of food, creating an electric ambiance that could be felt from afar. The highlight of the event was the Games Zone, which buzzed with activity as students eagerly participated in a variety of games designed to test not just their skills, but also their creativity, teamwork, and spirit. Laughter echoed as students engaged in friendly competitions, cheering each other on and celebrating every win, big or small. The Food Stalls, on the other hand, were a culinary delight — serving everything from savory street food to sweet treats that brought people together in shared joy over good food and great conversations.

Adding immense prestige to the occasion, the event was graced by the presence of our esteemed Director Sir, Dr. Rohit Garg, and Dean Sir, Dr. Manish Gupta, whose support and encouragement made the celebration even more special. Their presence was a source of great motivation and pride for the organizing team, and their words of appreciation uplifted the spirits of all attendees. The gathering also witnessed enthusiastic participation from faculty members and students across all years, with everyone equally involved — playing games, exploring food stalls, and soaking in the festive vibe.

The overwhelming response and participation turned FIESTA into a celebration of togetherness and youthful exuberance. It truly reflected the vibrant culture of MIT and the spirit of CSSS — where academics are balanced with events that nurture creativity,

teamwork, and lifelong memories. The event stood as a testament to the society's dedication in fostering a close-knit community through shared experiences and joyful moments.

The event was conducted under the capable guidance of Faculty Convener Ms. Richa Saxena, who played a pivotal role in its success. Her support was complemented by the efforts of Faculty Coordinators Ms. Sakshi Singh, Mr. Rohit Singh, and Mr. Prabal Bhatnagar, who worked tirelessly behind the scenes. The Student Coordinators Hannan Akhtar, Magan Mehrotra, Aarush Chauhan (all 3rd year), and Sarthak Pareek (2nd year) led with enthusiasm and excellence, managing every detail with precision and ensuring everything ran smoothly. Volunteers too played an instrumental role — their dedication and spirit were visible in every corner of the venue.

Addressing the attendees, Ms. Richa Saxena emphasized the value of co-curricular activities in shaping holistic personalities and urged students to continue embracing such opportunities with open hearts. Her message resonated deeply, inspiring everyone present to cherish the memories made and look forward to more such moments in the future.

In conclusion, \*FIESTA 2025\* was not just a celebration, but a spectacular showcase of student energy, coordination, and creativity. It brought the MIT community together like never before, strengthening bonds, creating memories, and setting a new benchmark for campus events. Without a doubt, it was one of the most successful and enjoyable events ever organized by CSSS — a grand fiesta that will be remembered for years to come.
